Hi Jennifer,

With reference to my previous email, please kindly make payment of the previous amount made to Cheerleading Association (10k for cheer module and \$600 for cheer workshop) to Michelle ,Active Sports Holdings. They had provided the services that i needed in on 6th June for the cheer workshop as well as the cheer module in progress, as you were uncontactable.

Please kindly proceed with the payment asap as the event was in June this year and please provide an indication on the progress as i've not heard from you since May.

Thanks!

Subject Cheer Module

Dear Jenny,

How are you? After the meeting last thursday, the committee have decided that I will be in charge of the Cheer Module along with our Vice- President ZhaoMing. The module will be produced under Cheerleading Association (Singapore). I will do up a content outline by this Wednesday and hopefully we can meet up with you at your convenience to understand from your more about the requirement of this Cheer Module and how CAS can play a part in helping you. We have also included our Coaches Committee to be involved in this project if needed. Please let me know if you are free to meet up. Thank you so much!
